EDUCATION

KALYANI GOVERNMENT ENGINEERING COLLEGE
BACHELORS IN TECHNOLOGY COMPUTER SCIENCE AND ENGINEERING

May 2019 - July 2023
Kolkata, India GPA: 9.54

EXPERIENCE

BASEWEB TECHNOLOGIES | FULL STACK DEVELOPER INTERN

Remote | Feb 2022 – April 2021

- This was a part-time internship. I work on a real-world project related to the management of an eye clinic. I designed APIs for the already available front-end. Later, I also joined the front-end team as an Angular developer to develop the prototype of the website components.

CODECHEF | DOUBT SOLVER

Kolkata, India | Apr 2022 – Present

- Maintained a good code of conduct while attending to user queries. Always maintained a fast-paced response environment to queries. Solved user doubts and helped more than hundreds of beginners to have a smooth onboarding into competitive programming.

SKILLS

PROGRAMMING LANGUAGES	JavaScript, C++, Java, Typescript
LIBRARIES/FRAWORKS	NodeJS, ExpressJS, Angular, NestJS
TOOLS / PLATFORMS	git, npm, docker, Windows, Linux
DATABASES	MongoDB

PROJECTS / OPEN-SOURCE

STUDENT IMS | [LINK](#)

JavaScript, NodeJS, ExpressJS, Angular, MongoDB

This is a simple website built on the MEAN stack to cater to school's need of managing student information.

URL SHORTENER | [LINK](#)

Javascript, NodeJS, ExpressJS, MongoDB

With this I aimed at providing short URLs for different websites.

JOBS API | [LINK](#)

JavaScript, NodeJS, ExpressJS, MongoDB

With this project I aimed at creating the back-end for a Job listing management platform. I implemented the basic CRUD operations for every user. I have also used JWT to implement new user registration and old user login.
